

Lee Container establishes Internet presence

12/27/99 -- Lee Container formally established an Internet presence in preparation for developing E-Commerce capabilities in the coming year.

According to Robert Varnedoe, Vice President Sales and Marketing, "We are getting a lot of requests from key customers to evolve our information technology systems to accommodate e-commerce transactions in the coming year. Establishing an Internet platform with our web site is the first step in that direction. We will continue to dedicate our resources to develop this medium so we can maintain our competitive advantage of being a leader in technology and customer service in the blow molding industry.
